Department of AIML Engineering

Activity Report

Title of Program / Activity	Industrial visit in Sumago Infotech Nashik
Date & Time	08th September 2022 , Friday from 10:00 am to 05:00 pm
Details of Activity Coordinator	Prof. P. B. Rajole
Expert lecture Faculty	Mr. Nitin Patil
Program / Activity Objectives	Sumago Infotech has industry-specific software expertise in Technology, Financial, Healthcare, Media, Manufacturing, and many other sectors.
No. of Participants	30
Summary	The AIML department at LoGMIEER, Nashik organized an Expert lecture Artificial intelligence event as part of the Expert lecture. The event was focused on the Artificial intelligence language and aimed to test the coding skills and knowledge of the participants. Participants had to solve coding problems in C without the use of any visual aids or reference materials. This required them to rely solely on their knowledge and understanding of the language. The event was open to students from different colleges and universities across the state. The Artificial intelligence event was a challenging and exciting opportunity for participants to showcase their coding skills and compete with others. It also provided a platform for students to learn from each other and develop their programming abilities. Overall, the Blind Coding event was a successful part of Artificial intelligence and helped promote interest and enthusiasm for programming among students.
