

LOG SHEET, JULY 2020

Department: ARI
Academic Year: 2019-20
Name of Activity: Hack A Friend
Type of Activity: Event
Faculty of Activity: J.B. KOTGA
Center: 501
Coordinating Faculty: J. K. Jadhav

INDEX OF DOCUMENTS

1. Activity Proposal through Form (submitter Copy)
2. Budget Proposal
3. Notice / Circular
4. Brochure / Poster
5. Student Permission Letter for Visit
6. Invitation Letter to Guest (if Applicable)
7. Registration Sheet
8. Guest Schedule / Agenda
9. Guest Profile / Bio data (if Applicable)
10. Standard Operating Procedure (SOP)
11. Activity Report
12. Evaluation Sheet
13. Feedback Forms (To be collected from Feedback Committee Coordinator)
14. Feedback Analysis Report
15. Significance Statement
16. Bill & Voucher Copies
17. Certificates (Sample Copy)
18. Thank You Letter
19. Social Media Release Proof
20. Sponsorship Letter (if any)

Trialfest 2006 Event Proposals

Proposed Activities

- 1. Proposed event description of experience
- 2. Number of participants
- 3. Estimated expenses
- 4. Estimated revenue

Proposals should be submitted to the event planning committee by the deadline date.

Proposals should be submitted to the event planning committee by the deadline date.

Proposals should be submitted to the event planning committee by the deadline date.

- E. Supportive

10

The following table shows the results of the experiment. The first column shows the time taken for the reaction to occur, and the second column shows the volume of gas produced. The data shows that the rate of reaction increases as the concentration of the reactants increases.

Table 1

Time taken for reaction to occur (s)

1	2	3	4	5
10	20	30	40	50

Volume of gas produced (cm³)

1	2	3	4	5
10	20	30	40	50

Concentration of reactants

WINTER TECHFEST 2023

Department of A/CML Engineering

Event/Workshop/Project

BUDGET PROPOSAL

Department: A/CML

Academic Year: 2023-24

Name of Activity: Hack A Project

Type of Activity: Competition

Event No: 27/02/2023

Pages: 02

Activity Coordinator(s): Prof. A. Chitambar

Expected No. of Participants: 50

Objective of the Activity

The activity aims to train participants, test practical problem-solving skills, identify technical skills & to expose and assess student abilities to meet all aspects of innovation and creativity.

Estimated Budget Details

Sr. No.	Particulars	Quantity	Rate (₹)	Amount (₹)
1	Transportation for Guest Faculty	04	500	2000
2	Guest Allowance (L.A. 50)	04	500	2000
3	Communication (Internet)	04	500	2000
4	Refreshments	04	500	2000
5	Prize	04	500	2000
6	Printing (Certificates, Reports, Brochures)	100		
7	Stationery	100		2000
8	Insurance (500)	01		
9	Technical Arrangements (Projector, Sound, Lab)	100		
10	Security			
11	Contingency Expenses			

Total Estimated Amount: ₹ 20000

Source of Funding

- Department Fund \$ _____
- Student Organization Fees \$ 1,500
- Sponsorship (Fees) \$ 2,000
- Management Support \$ 500

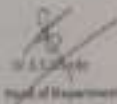

Total Available Funds \$ 4,000

Budget Justification

The proposed program as requested is effectively designed to track a Project activity and ensure that participants gain meaningful learning experiences in 60 weeks and prompt engineering. This budget item clearly supports the learning objectives and overall mission of the event.

LOGMISEE TECHFEST 2025

Department of AI & ML Engineering

Event: HACK A PROGRAM

Faculty Coordinator: Prof. A. S. Naik (9222967883)

Student Coordinator: Mr. Manish Jadhav (9200729047)

Mr. Aditya Bhosale (9200729470)

OBJECTIVE

- Enhance Problem Solving Skills - Encourage participants to design precise and effective prompts for AI systems.
- Improve Logical & Analytical Thinking - Develop the ability to break problems into clear, actionable steps for better AI responses.
- Strengthen Creativity - Motivate participants to experiment with various prompts, structures, and models to achieve optimal output.
- Boost Confidence & Acceptance - Train participants to utilize high-quality results with minimal hesitation.

OUTCOME

- Improved Prompt Writing Ability - Participants learn how to frame clear, structured, and goal-oriented prompts.
- Better Understanding of AI Behavior - Observed to recognize if how input phrasing impacts generated output.
- Stronger Problem Solving Skills - Ability to utilize prompts to overcome ambiguity and errors.
- Increased Confidence in Using AI Tools - Participants develop the security of using AI effectively for academic and professional tasks.

DESCRIPTION

- This is an individual event.
- Participants will be given problems/statements or tasks by which they must design the most effective program.
- The event consists of 2 rounds.
- Round 1 focuses on basic to medium difficulty tasks such as text generation, communication, or structured output.
- Round 2 focuses on advanced challenges such as multi-step reasoning, abstract thinking, creativity, or visualization.

QUALITY

- Participants must follow all instructions given by the moderators.
- Disruption, verbal attacks, or inappropriate behavior will result in disqualification.
- Moderator discipline and support during the event.

AWARDS

- Certificates for all participants.
- Winner and Runner-Up certificates/awards for top performers.

THE EVENT PROGRAM

- Hour understanding of AI tools and prompt writing is required.
- Participants must report on time.

BEHAVIOR

- Only the tools provided by organizers.
- No communication between participants is allowed.
- Submissions must be made within the given time limit.

EVALUATION CRITERIA

- Evaluation based on clarity, effectiveness, creativity, and output quality.
- Judges' decisions will be final.

POST-EVENT ACTIVITIES

- Results announcement and certificate distribution.
- Participant feedback collection.

NOTES

- Each participant has to write the code for given problem.
- Participants whose code gets executed will be given higher preference.
- The second preference will be given to code with least number of errors.
- In case of tie in number of errors, that of SUBMISSION will be considered.
- Shortlisted participants of Round 1 will appear for Round 2 for which some rules are applicable.

DEPARTMENT OF AIE. ENGINEERING

Particulars	Description
Activity	Tutorial based
Activity level	College level
Type	workshop
Faculty Name	
Topic Name	
Designation	
Department/Institute	
Name and address	
Organized by (U-1)	Department of AIE, Engineering Education
Organized by (U-2)	
Topic	123
Date & Time	27 January 2024
Objectives of the activity	1. To introduce students to the concept of Project Engineering and AIE. 2. To enhance logical thinking and problem-solving skills among students. 3. To encourage creativity and innovation using AI-based technologies.
Outcomes of activity	1. Students gained knowledge about effective project design for AI systems. 2. Students learned how to analyze and resolve design issues. 3. Students understood practical applications of innovative AI tools.
Target participants	42
Total no. of participants	42%
Participation %	
Content of the activity	introduction to Project Engineering, AI-based systems, designing effective projects, AI-based problem-solving challenges, and evaluation of generated outputs.

Brief Description of the Activity	<p>The Hack & Design event was organized on 21 February 2016 at MSUMSK, Nashik, by the Department of Computer Engineering. The event aimed to introduce students to the concept of Design Engineering, an emerging field used for addressing effectively with Artificial Intelligence systems. To discuss more given different topics, where they had to design designs of projects according to requirements from the work. The activity encouraged students to think logically and creatively while solving challenges (img 4).</p>

Feedback for Hack -A-Prompt Event

Issues Faced during Hack -A-Prompt Event:

1. PC partition was not present
2. PC configuration was not enough for some of the languages.

Suggestion

1. PC partition should be present
2. PC configuration should have higher ram and processor.

10%

4. Did the event encourage you to present your ideas confidently?

25/29

- Excellent
- Very Good
- Good
- Satisfactory
- Poor

5. Did this event improve your teamwork, project management, and presentation skills?

- Excellent
- Very Good
- Good
- Satisfactory
- Poor

8. Did the event support innovation and research effectively?"

7. Did the event improve your logical thinking and problem-solving skills?

8. How would you rate the facilities and technical support during the event?

- Excellent
- Very Good
- Good
- Satisfactory
- Poor

9. How would you rate your overall experience in Techfest 2K26?

- Excellent
- Very Good
- Good
- Satisfactory
- Poor

Other Experiments

1. Issues high speed, isolated Wi-Fi with sufficient bandwidth for simultaneous use to prevent latency or disconnection during the project engineering tasks.
1. Please provide adequate electrical safety points.
